Trained on "Adversarial Data"

Detect AI Paraphrasing

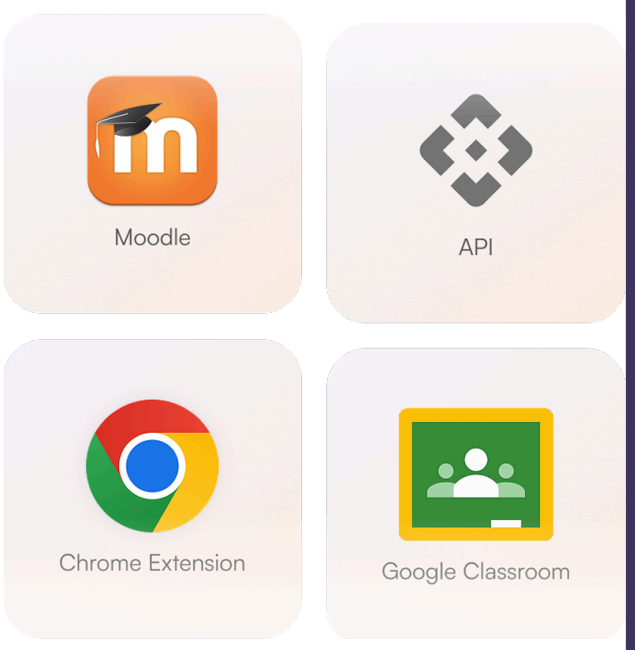

Our team actively tests AI tools that change, modify, or edit text (e.g. Quillbot or Grammarly) and continuously improves our AI detector to ensure attempts to hide AI-altered text are still detectable.

Integrations: Extensions & Plugins

Works anywhere

Seamlessly integrate our AI Checker into your favorite platforms like Chrome, Moodle and more. Check for AI use without skipping a beat.

Chrome Extensions | Google Classroom | Moodle | API | Firefox Extension

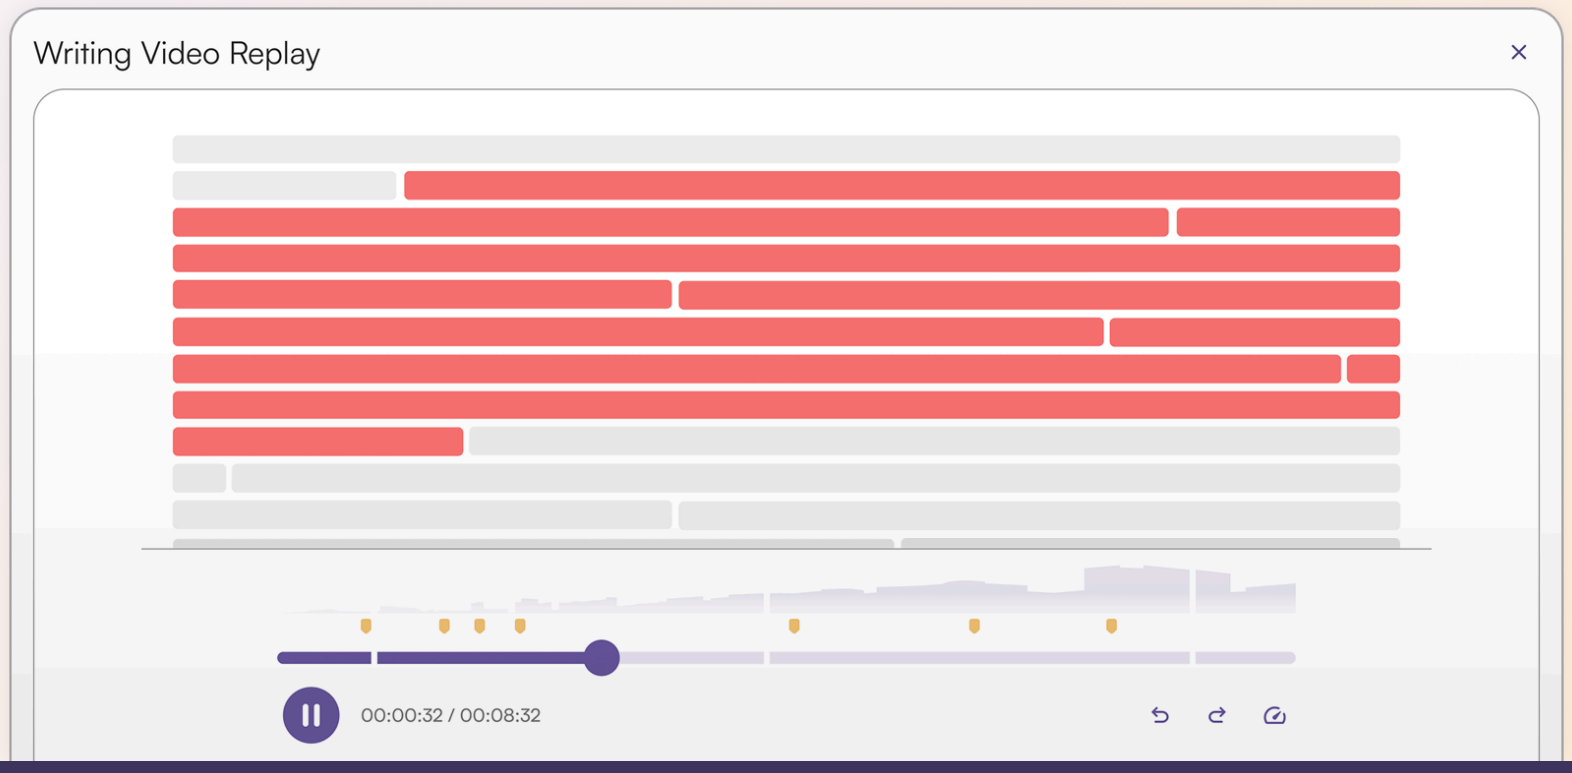

Manage False Positives

Replay Writing

Check for AI and plagiarism with the Originality.ai Chrome Extension.

Peace of mind for writers and students to show the authorship of writing, with a Writing Replay.

Customers Love Originality.ai

Sam Saltis ★★★★★

Originality is a great tool for detecting AI content. **The product has been invaluable for our content marketing team.** Fernanda and the team are always very responsive and helpful. Highly recommend this product.

Miguel Maloney Thompson ★★★★★

I have the opportunity to make sure that my writing is plagiarism-free, and with a lot of AI-generated content around, I can ensure my writing does not get flagged as just another to the bunch. I do technical writing where there are only so many ways to describe concepts and...
